## 4. Registration and Account Security

When creating an account, you agree to provide accurate, complete, and current information. You are responsible for maintaining the confidentiality of your login credentials and all activities associated with your account.

## 5. Marketplace and Services

Roam Marketplace connects you to various essential services, including banking, cellular, insurance, taxes, visas, jobs, loans, travel, food, housing, educational resources, and more. Roam operates strictly as an aggregator platform; we facilitate connections but do not directly provide these third-party services. We carefully vet service providers before listing them to enhance your experience. However, Roam expressly disclaims responsibility or liability for services rendered by businesses listed on our platform. While we strive to accurately represent each service, including regularly updating service details and discounts, users are responsible for independently verifying critical details directly with third-party providers. Roam shall not be held liable for inadvertent errors, inaccuracies, or mistaken misrepresentations.

## 6. Community Connections (Roam Connect)

If you choose to use Roam Connect, our community connection feature, your profile details (including name, school, hometown, socials, and other relevant information) will be shared with fellow international students to help you build meaningful connections.

## 7. Sonia – Student Support Chatbot

Sonia is our dedicated chatbot designed to provide personalized assistance, guidance, and support throughout your journey on Roam. Sonia helps answer queries, facilitates service selection, and improves your overall platform experience.
